The Executive Committee of Sikh Council UK held a virtual meeting on Saturday 11th July 2020. As the leading voice of Sikhs in the UK, it is important that the organisation develops and adapts to best suit Panthic interest in the current environment. We are looking to re-open membership shortly leading to the formation of the next administration.

The Executive Committee felt that there is a much needed review of the constitution and the related governance model. We will be initiating this review in the coming weeks and will welcome input by all Sikhs (*sangat*), GA members, legal experts, professionals and members of the Board of Jathedars on an individual basis.

If anyone wishes to be a part of the consultation or submit feedback, please email [info@sikhcouncil.co.uk](mailto:info@sikhcouncil.co.uk)
